DETAILED ACTION

Receipt is acknowledged of the terminal disclaimers filed 08/09/2007. As a result the rejections under obviousness-type double patenting are hereby withdrawn.

Upon review of the claims for allowance, the following was found:

Claim Objections

Claims 4 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 4 and 5 depend upon rejected claim 3. Correction of the above would put them in condition for allowance.

Applicant's should note, that the application was being prepared for allowance. However, because of the timeframe, the above cited informality could not be corrected by Examiner's Amendment. Correction of the above will place the application in condition for allowance.

Allowable Subject Matter

Claims 1,2, 6-13 are allowed.

Art Unit: 1615
